EDUCATION

ABES Engineering College CGPA: 7.3
Bachelor of Technology in Computer Science and Engineering *Ghaziabad, India 2025 – 2028*
Government Polytechnic Rajgarh Mirzapur Percentage: 74.5%
Diploma in Computer Science and Engineering *Mirzapur, India 2022 – 2025*

SKILLS

Languages: C++, Python, SQL, JavaScript
Frontend: HTML5, CSS3, Bootstrap, React, Redux
Backend: Node.js, Express.js, RESTful API, JWT Authentication
Databases: MySQL, MongoDB
Tools: Git, GitHub, VS Code, Postman, Power BI
Operating Systems: Windows, Linux
Soft Skills: Problem Solving, Communication, Teamwork, Adaptability, Leadership, Quick Learning

PROJECTS

AI Interview Agent | *MERN Stack* *Live Demo*
React.js, Node.js, Express.js, MongoDB, Firebase, Razorpay
- Built a production-ready AI-powered interview platform that generates personalized Technical and HR interview questions based on uploaded resumes.
- Developed responsive frontend interfaces using React.js, Tailwind CSS, Redux Toolkit, and Framer Motion.
- Created RESTful APIs with Node.js and Express.js and integrated MongoDB for user, interview, and performance data management.
- Implemented Firebase Authentication, PDF resume upload using Multer, Razorpay payments, credit-based access, interview history, and performance reports.

Eventora – Full Stack Event Booking Platform
React.js, MERN, JWT, Bootstrap, Nodemailer
- Developed a MERN-based event booking platform with 12+ responsive pages, separate Admin/User dashboards, and 10+ REST APIs.
- Implemented JWT Authentication with role-based access for 2 user types (Admin & User), securing 80% of protected routes.
- Convert 2 interactive dashboards with 10+ management features, including event booking, payment tracking, and analytics.
- Implemented real-time seat validation to prevent duplicate bookings and ensure accurate seat availability.
- Increased 25+ reusable React components, reducing code duplication by 35% and improving maintainability.

Complaint Management System
HTML5, CSS3, JavaScript, Bootstrap
- Delivered a responsive complaint management portal with 8+ modules, allowing students to submit and track complaints.
- Implemented Login & Signup using JavaScript, reducing form validation errors by 40%.
- Designed 5+ responsive pages using Bootstrap and CSS with mobile-friendly layouts.

ACHIEVEMENTS

- Engineered 3 production-grade full-stack applications utilizing the MERN stack and Python.
- Graduated from intensive Full Stack Development training with a focus on scalable web architectures.

CERTIFICATIONS

Full Stack Developer Training – Softpro India
- **Project Experience:** Bio Tech Park, Lucknow – Online Admission System
- **Key Skills Covered:** React.js, Python, Django, SQL, REST APIs, Authentication, Payment Gateway Integration, Git, Database Management
